This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get will depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

For other risks materially relevant to the product which are not taken into account in the summary risk indicator, please read the Fund’s Prospectus available at am.miraeasset.eu.

The Fund does not include any protection from future market performance so you could lose some or all of your investment.

Please refer to the Prospectus and the PRIIPS KID/UCITS KIID for further information on the risk of investment in the Fund. The Fund is actively managed and references the benchmark by seeking to outperform it. There are no restrictions on the extent to which the information contained herein: (1) is proprietary to Morningstar and/or its content providers; (2) may not be copied or distributed; and (3) is not warranted to be accurate, complete or timely. Neither Morningstar nor its content providers accept any liability for any loss or damage arising from the use of the information contained herein. For subscription details, please refer to the “Fees, Charges and Expenses” section of the Prospectus for a more detailed description of the charges. Subscription, redemption and switching fees are the maximum that might be taken out of your money before the Fund is a SFDR Article 8 UCITS fund and is classified as an ESG fund by the Hong Kong Securities and Futures Commission.
